Apricot Balls

Ingredients
- 1 cup of dried apricots
- Half a cup of shredded coconut
- Half cup of oat bran
- Quarter of a cup of skim milk powder
- 2 table spoons of boiling water.

Instructions
1. Place apricots in the food processor and blitz
2. Add the rest of the ingredients (coconut, oat-bran, skim milk powder and boiling water)
3. Blitz again until the mixture is tacky and will easily form into balls
4. Roll apricot mixture into balls and roll them in remaining coconut.
5. Store in the fridge in an air-tight container until needed
